4-Door Hardtops?

EST CHOICE YET

Big news in hardtops these days is the 4-door model.

And the biggest news of all is Buick's 4-Door Riviera. For ever since its introduction last year, this sedan-handy Buick hardtop has been taking the country by storm.

But the newest note about this newest of models is the price choice Buick offers you.

Now you can have this much-wanted Buick model in four different price Series -- a choice you'll get nowhere else.

There's the 4-Door Riviera in the custom-built ROADMASTER, the extra-spacious SUPER, the supremely-powered CENTURY, or the bedrock-priced SPECIAL.

What follows from there? Plenty - really plenty.

For in every 1956 Buick there's a wealth of thrills-a trim euvrability - a sheer enchantment in styling.

In power, it's a pistol. Every Buick packs a high-torque 322-cubic-inch V8 engine — each Series with the highest horse-power and compression ratio in Buick history. In take-off, it's trigger-quick. A new Variable Pitch Dynaflow* betters the best Buick getaway on record — with instantaneous response in every inch of pedal pressure, and engine revolutions

In emergency, it's double-barrelled - with new Dynaflow

changing to full-power acceleration the instant you floor the pedal and switch the pitch.

And in roominess, in luxury, in handling ease, in directional sense — you'll discover a literal truth: This is the best Buick yet.

Date of discovery? You name it - tomorrow would be fine. Come in then. See and sample the greatest Buick ever—and note the prices that make this the best buy yet.

*New Advanced Veriable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmarter, Super and Century— optional at modest extra cost on the Special.

What could emerge from the convention as far as Belle-is concerned is a Belleville and District Umpires Asso-ion for officials, present and future, of both softball and

Accident costs Set automobile insurance rates

Automobile insurance rates are set-in direct relation to the number and cost of accidents of Canadian drivers. Lastyear, for example, automobile insurance claims amounted to more then one hundred million dollars-a motor car was smashed every two minutes and someone was injured or killed every 12 minutes.

When the costs of automobile accidents decrease, so do automobile insurance rates. But, When the number and cost of accidents increase, then insurance rates increase too. Drive carefully!

During the past season the Whitby Dunlops were the Sam-of the Zastern senior "B" group. In not a few of their es they brought the figurative wells crashing about the of the opposition. And loved it.

The Goodles were in front all the way. It was 3-1 at end of the first period and 6-3 at second period end. Then t third-period plastering job started. The Goodles un-abled everything they had and poured six goals behind alevy while his mates battled futively to stem the King-

So tomorrow night is the big payoff playoff. It takes place Whitby and don't be surprised at anything. It could be a ig upset is in the making.

The series marks the ninth meeting between the clubs in you'd but only three of these were in Stanley Cup compe-on. In case you're interested Detvil bolds a wide margin superiority in these clashes, having only lost one playoff to canadiens, that in 1951 when Montreal won a semi-final and, toug games to two, only to lose to Toronto in the finals.

Six of the eight previous series have gone the maximum number of games. Only in Montreal's lone victory in 1951 and in 1933 when the Winrs knocked off the Habe in four games in the final, have the playoffs between these color-ful rivals failed to go the limit.

Summing it up, Detroit has won 25 of 42 playoff games Montreal and of the 25 Red Wing victories, 19 have been on Detroit ice and only six in Montreal. Monseal hat 12 games at home and five in the American city.

Raicd one of the most powerful clubs in the NHL in some years, the Canadiens abould win the series. But in how many games, your guess is as good as ours.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Tonight in the Whitby ice amphilibeaire could be written the final chapter to this blazing group finals series between the Kingston Goodycars and the Whitby Dunlops. The gludistors, each with three game scalps dangling at their belieg so the bountings to decide a group champion, and the right to meet either Milton or Orillia in the senior "B" semi-finals.

There will be no quarter asked nor given. This one is for keeps. The Goodycars are confident. The Dunjops are "mad" and determined. "Mad" because their pridges hurt at, the inglorious shellacking they received at the finance of the Goodycars in the sixth game in which they absorbed the worst beating of their seasonal career.

Determined because they have a reputation to uphold. A dynamic, public-relations department has belly-need the Dunnies far and wide as being the best senior "B" chile to emerge from this part of the Ontario neck-of-the-woods. Their schedule record and sooring averages would substantiate the statement.

So a win for the Dunnies tonight is a "must.

By a strange quirk, this finals series has dispreved in the main, the theory of a team being better on home ice. Both clubs have won twice on "foreign" (co-and once at home. But in the face of tonight's battle all that is water under the bridge. It will be a thriller. It cannot holp but be with so much at stake.

A noie from Monircal states that the Habitant fans are about evenly divided when it comes to right-hand and south-paw toating. A Forum employee stated that following the "rubber" barrage of last Saturday night, ten rights and ten letts were counted, gramished with a few galones. A gal tossed her new spring bonnet into the pot.

"Nobody ever shows up to claim the rubbers," said the smployee, "So the staff tries them on for free." A newspap-rman on the bunt for something for nothing said there wann't a size eight in the buil kit and kaboodie. In Detroit's Olympia an excited fan tossed a live rabbit on the lee. It was some time before the bunny was captured while the crowd reared in merriment. On another occasion in Olympia a crackpot huried a haby oc-opus at an official.

In the Windsor arena, according to Vern DeGeer of the In the Windsor arens, according to Vern Devert 0. Line interest Gazette, Moses Jamleson, former pro and referee, was Richating at a game when he was hit on the head by a well-mond missile. He stopped to recover the program for that what it was, when something that looked like the stub of a notil wrapped in currency rolled on the ice.

And we recall a press-box alice of humor that occurred here a season or so ago. Johany Kelly, Kingston's popular hockey broadcaster, was induling in als favorite pipe prior to going on the air. A few minutes later Johany was in full broadcast stride as the Belleville Memos and the Goodyears engaged in battle.

That was the cue for Johnny. "These Belleville fans," he 'milked," "are great supporters of their club. One just tossed his pipe over the boards. He's out a pipe. It smashed to pieces."

Somebody nudged Johnny and pointed to where he placed his pipe prior to going on the air. It was miss-You suggest it. Johnny had accidentally knocked his

The Royal Newfoundland Regi-ment, a militia unit which dates back to 1776, is making some back to 1778, is making some peacetime-changes and consider-ing this new hat. It roughly re-sembles the hais of New Zealand and South African troops. The difference is in the flat crown and stiff brim. The constraint curved by a clasp carrying the regimental coal-of-arms. CITY LIGHTS STAY ON

MEXICO CITY (Reulers) — A threatened strike which would have crippled Mexico City's electrical supply has been averted by eigning of a new contract between the Mexican Light and Power Company and—the electrical workers' union. The contract gives employees a 17-per-cent pay increase and a fiveday, instead of a 37-day, work week.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

The crown of supremacy in easiers senior "B" back that rested on the collective brow of the Kingston Go-years twice in the past three years, has a new parking pli today. It is avaied constrainty on the new non-wort head of the Whitby Dunlops.

With the eastern formen now vanquished, the new cham-ns switch their puck artillery to the westward. Their sights lined on the winners of the Milton-Orillia series which now and as three wins each. Just beyond this horizon lies the less for the provincial championship.

The Duniops are worthy champions. In the consense of bocker followers down this way they are the best niles "B" club to energe from Eastern Ontario to battle ong the ranged tenti to the provincial title.

And If reports from Western Ontario anent the call senior "B" hockey in that district are true the Duni-ight, in their hurdling of the hard-fighting, tenacious campions from Kingston, have encountered their tough stacle to the crown.

Should the seatorn champions awere through to the On-tario title it will be the fourth season in a row that the previousle sewers has come this way. The Kingston Good-yarra have wen it tries, Othaws once. In other words Eastern Ontario has held the titular hanhe since the in-ception of sensor "2" hockey within its confines.

Last night's bettle was a chilly thriller. The Dunlops tabled he form that swept them to the group jasderable and there the first prient the writing on the wall began to stand tu. The stakes were hig for the Blairmen and they battled tool had nall agalant a team of defending champlons whose opes were high after convincing wins over their ultimate consumers.

Midway through the period the victory and group crown were safely inched sway by the Dilitops. They reared back after the breather and smashed home three goals in less than four minutes to sound the death-kent in Kingsten hopes. Split goals later were merely incidental.

Million and Orlilla have been ordered to play a sudden-death game tonight to decide their three-all series. The winners meet the Dunlops in the first game of the best-of-seven semi-finals on Saturday night.

If you happen to be in Ole Lunnon "in the smoke" in the r future drop in to that newsy stand in Fulham and meet proudest little bloke in the British Lises.

He's Alife Bond—and if you look closely you'll note that Alife carries an empty slower. What's more important will be the proud look that comes over Alife's face if you mention soccer, for the little fellow has just realized the dream of every English football official.

Alfis has been assigned to referee the English Cup final Wembley Stadium. That is akin to umpiring in the world lot, wearing the stripes of an official in the Grey Cup ally whitel-coloring in the Stantey Cup series, or behing the ri-man in the ring at a heavyweight championship bout.

Aire's first and only sports love is soccer. He played the se until he lost his arm at the age of 19 in a factory accl-. Since then he's taken up referreding—and operating his e Fulham news stand.

Give the little bloke his official refereeing paraphernalis, be becomes a giant. He is known on the field as a dictional what Alfie says goes. He has been a top-notch rere for the past 13 years and for half a decade has been the international list.

MILLIONS HAVE-WHY NOT YOU?

Try All-Bran with Milk nature's great food combination

for fitness and regularity

Good food bulk and nutritional benefits

Even if you suffer from irregularity your-self, you have probably never stopped to consider that common constipation (due to lack of dietary bulk) is a habit.

It is a habit caused by not eating regular amounts of the right kind of foods, especially those foods so abundant in nature which contain natural bulk.

Yet many folks (perhaps even you) who long for freedom from the constipation habit, try countless other methods of overcoming this problem with little or no success. But there is a way. Millions have found

You simply enjoy a bowl of Kellogg's All-Bran with milk every morning. Or before bed at night. This pleasant, delicious and inexpensive cereal contains all the good food inexpensive cereal contains all the goo bulk you need daily to keep regular.

There is nothing mysterious about it. All-Bran is a natural food remedy. It gets directly at the cause of constipation due to lack of dietary bulk. Other methods that do not supply bulk cannot correct this cause of constipation.

Kellogg's All-Bran is also a good, whole-some food. It is made from the outer layers of whole wheat grain. And a bowl a day with milk provides valuable food essentials.

W. K. Kellogg originated All-Bran over 40 years ago. He aimed to improve the flavor and eating qualities of whole bran without taking away any of its effectiveness. This he

accomplished so well that All-Bran has for many years been the most widely accepted and used of all bran cereals. It is the original, ready-to-eat bran.

Why suffer needlessly from irregularity? Kellogg's All-Bran has already helped millions. It can do the same for you.

Try Kellogy's All-Bran with milk for 10 days. Eat an average serving (about half a cup of All-Bran). See if it doesn't bring you comfortable, natural elimination. If not completely satisfied, return the empty carton and get truice what you paid. That's a promise from Kellogy's, London, Ont.

Beliveau's 'Two Out Of Three' Unequalled In National Hockey History

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

STILL GOING

The hockey spark fanned by the construction of a community centre and the entry of an intermediate "C" bockey team, has mushroomed into a near champlonship flame in Napanee's first entry into organized bockey in years.

Before a crewd that swelled the "innards" of the com-mity centre Saturday night. Wait Gerew's veteran-nussier team won the Eastern Oniario intermediate "C" to by virtue of their 4-2 defeat of the powerful King-n Vinny Eignals squad.

The game climaxed a fiercely fought seven-pame series that awe each leam with three games on the forestate lev-ter and the series of the forestate level and the boson in the four certes games played there. It was a lec-leton in the four certes games played there. It was also one to win for the Gerow crew not only from the fact that the team was playing its first pare in next conneasy, but that it influntated the filpstals who were favored to aweep the series with more or lets cause.

The army team, which boasted former senior "B" players rom Kingston, formerly played in the intermediate "B" bracket, but last fall was brought down to the "C" level on account of he strength of playdown opposition. At that it was rated eighly to win the eastern title.

first season (option: It looks as though Gerow has whipped
forgither a strong squad which showed a consistency fly
in winning its group title, outsign the Marmora Millionaires
and move the Ringston Virgo Gigant.

Now they battle the Minden team in a best-of-seven semi-linals series with the first game scheduled for Napanee toulght, and the second in Minden Wedneddy night. The Minden home game will be played in Bobezgeon. It would be a brilliant illmax to a fine inaugural year of hockey for Napanee to bring some a title.

There's one thing wrong with this sports set-up. 'The gods of athletic Olympus or whomever made up the quirks, quandaries, conventions and traditions of sport should have made figurative crow taste like literal chicken. Or is that the punishment for limb-crawing and too prominent extention of the cervical vertebra?

At least that's the idea conveyed by that aboulder-clutch-ing gent Sunday afternoon, who nearly apun us about face with the saurling query, "Wottleell dyn mean, Whitby's gen-al lick Million four stright? And waddys wean Eastern Ontario's gonna win all the senior "B" marbles?"

He fired questions in chain-sequence. "Didja see last night's game? Didja see that Million team skate? Didja know Whitby was lucky in that overtime?" And did I know Whitby would be lucky to win another game, let alone the series?

Figuring the chapple must be from Milton and remember-they are of the larger, buskler puglistic type of male, is always well to play the part of-x gentleman, we decided to interrupt his ode to our bilindness. A not-guilty pleas entered.

Later it was learned that Whithy had nowed out Milton 4-2 in a beetle overtime battle in Whithy in the first game of the senior "in seni-finals best-of-serva series. Which may came one to wonder if the road to the champlentalp may not be as easy for the powerful Dunlops, as a lot of the experts would have people believe,

Any team that can tie the Dunnies in Biairville, especially en they're "hot," can scarcely be catergorized as "push-ra." The result in Milton may answer some unasked ques-

If Jean Beliveau ever decides to join the army the PBI should grab his services. Not only would the colorful Canadiem's star be deadly to the enemy but the Ordinance department would rub its hands with satisfaction.

For Le Gros Bill believes in making every shot count i not wasting ammunition. According to figure-filberts to look after the statistics, Beliveau's two goals in three to Sunday night is something of a National Hockey League

Sunday night the big centre gave one of the best exhibitions of the phayeiffs—If not the season. He scored two of the Canadient peats in an all-set divinter grief while in the third period his deathy fore-checking and masterial site-handling draw plaudiat from the rabid Detroil fane. That, mesdames et meastern, if you know Detroil fane, is seemsthing for the book.

Besides, Jacques Fianie, the Canadiens' beaustalk, came up with a fine gian-killing performance. The lanky ensured to the provide and his performance Sunday night belitted the statements of those who believe he is a second-rater who depends mostly on his defence for the safe-keeping of his citidel.

And by way of abouting his versatility the pride of Trois liviness is no shrinking which when its comes to finderities, it no shrinking which when its comes to finderities, or creatilities to hardcuirfed.

However, the threatened free-for-all did not materialize and the curtain fell with Coach Toe Blake berding his charges into the dressing corrial-and big Butch Bouchard waving derisively at the Wings as a whole.

Secret of success:

Happy Customers

A DVANCED ENGINEERING mustn't stop when new cars roll off the assembly line.

Those cars, as General Motors builds them, sparkle with engineering advances unknown a few years ago.

They have such safety features as Power Steering and Power Brakes.

They have high-compression V8 engines of latest design.

They have smooth and agile new automatic transmissions.

They have air conditioning and improved ventilation systems.

And they have a long list of other new safety and convenience features.

And just as it took new skills, new machines and new tools to build them it takes new skills, new machines and new tools to give them the intelligent service they need, in the service departments of General Motors dealers from coast to coast.

And here you have a perfect example of what General Motors and the dealers who sell GM cars and trucks are accomplishing together.

Recently, General Motors has established Training Centres in 10 strategicallylocated cities - especially planned to give GM dealers' service mechanics exactly the special new skills they need to carry the advantages of advanced engineering to the car and truck owners of their neighborhoods.

They learn how each new engineering feature is built-and what tools are used to service it efficiently. Even a veteran mechanic needs such training as this.

And GM dealers are doing their part by sending a full complement of their mechanics to get this advanced engineering training - so they can give the best of care to the ever-increasing number of new GM products people buy every year.

No other dealer group in Canada has a service training that approaches this one.

That may be one reason why GM and the vast majority of General Motors dealers work so profitably together.

This is Canadian Theatre . . . a living theatre, a cultural force—growing in strength as groups such as this give their time and talent to the production of plays.

Their work is rewarded, not in dollars and cents, but rather by a

sense of creative accomplishment, by the appreciation of their audi-eace, and perhaps—if their produc-tion is of outstanding scuellence— by the award of one of the famous Calvert Tropbies. Calvert Distillers Limited is proud to sponsor the Dominion Drama Festival — the Dominion Drama Festival — the world's only national movement of its kind—and through it, to play a part in encouraging this truly Canadian cultural achievement.

Shown at left is the Calvert Regional Trophy, Form by Frances Lorday, R.C.A., S.S.C., which will be awarded to the winner of the Eastern Ontario Regional Downs Parties to be held at the P.C.F.S. Auditorium Partieorough, March 13, 14, 17.

An attempt to revive senior baseball in Eastern Onta-s time with an international flavor, will be made agreen temorrow afternoon.

Ambitious plans have been in the making according to re-ts from the Limestone City and much hinger on the outcome tomorrow's get-logether in the community centre.

Further than this, it is stated that if the league reaches mpletion an interlocking schedule may be arranged with a American loop that incudate Oswego, Auburn, Geneva & North Syracuse.

Jackson, it is stated, has been in communication with the clubs mentioned and each has indicated representation at the clubs mentioned. Jackson adds that Smith's Falls may answer, too, when the roll of delegates is called.

if the proposed league comes into being it should bring for baseball back to this neck of the Ontario woods with a nug." And providing a lot of the spark will be the American ries. The south-of-the-border teams, slways colorful and appetent, we believe, would be a powerful needle at the box

Manager Jack Carson of the Belleville Batas, when advised the possibility of such a league a few weeks ago, and as was ited in this column, favors the proposed set-up.

Jack, when interviewed yesterday afternoon was non-committed on details of the proposal. "I am all for it," he said, "but nothing of a definite nature can be arrived at until atter foundary's meeting."

"However," he said, "if the league is formed Belleville will have an entry. I guarantee that. The 'boys' have been felsphoning me since you forche' this story a couple of weeks age,—and I do not anticipate any treate little and the squad. Most of the veterans will be back and I have my cre on some premising youngsters in the city and district who weedd round out a good aquat."

However, as was mentioned previously, everything hinges in what occurs at tomogrow's meeting. Manager Carson will spream. Belleville along with others, while Les Cunningsami OBA executive member of Peterborously, will also be a hand. This corner will make the fourth in case a bridge was devalored.

LUCK AND SKILL OF THE GAME

We are agreed that in 5 Pin Bowling we are subject to about 90% SKILL and 10% LUCK. Some of you may feel that this is not so and that a greater percentage of LUCK enters into it.

Your own temperament and the way you treat the gara great deal to do with your ability to score well. Use imperament in bowing has an effect insiliar to had we Wooden pins and even the alkeys themselves can be smore sleggish on a wet or damp day, and you reset anne way. Treat the game with a "bright day as and you will find that you will not have to worry the element of lock.

Ladies

Now for the lady who just wants a dress

For Springtime wear we brag the best, Gay silk prints, and cottons for you.

For something like a Springtime ball,

We know our styles will beat them all, We've formals that will catch your eye,

In pretty styles, low prices too.

In nylon and net, give us a try. For sportswear you just can't go wrong, If you will join the happy throng—
That buy skirts and blouses, now it's clear,
The sportlest one will come from here.

So though you may not like climbing the stairs, and your bunions may hurt, and you've many cares, Just take our advice though it's hard on your feet, Cause our styles and prices, are tough ones to beat.

Try All-Bran with Milk nature's great food combination

for fitness and regularity

Good food bulk and nutritional benefits

Even if you suffer from irregularity your-self, you have probably never stopped to consider that common constipation (due to lack of dietary bulk) is a habit.

It is a habit caused by not eating regular amounts of the right kind of foods, especially those foods so abundant in nature which contain natural bulk.

Yet many folks (perhaps even you) who long for freedom from the constipation habit, try countless other methods of over-coming this problem with little or no success.

But there is a way. Millions have found

You simply enjoy a bowl of Kallogg's All-Bran-with milk every morning. Or before bed at night. This pleasant, delicious and inexpensive cereal contains all the good food bulk you need daily to keep regular.

There is nothing mysterious about it. All-Bran is a natural food remedy. It gets directly at the cause of constipation due to lack of dietary bulk. Other methods that do not supply bulk cannot correct this cause of constipation.

Kellogg's All-Bran is also a good, whole-some food. It is made from the outer layers of whole wheat grain. And a bowl a day with milk provides valuable food essentials.

W. K. Kellogg originated All-Bran over 40 years ago. He aimed to improve the flavor and cetting qualities of whole bran without taking away any of its effectiveness. This he

accomplished so well that All-Bran has for many years been the most widely accepted and used of all bran careals. It is the original, ready-to-eat bran.

Why suffer needlessly from irregularity? Kellogg's All-Bran has already helped millions. It can do the same for you.

Try Kellogg's All-Bran with milk for 10 days. Eat an average serving (about half a cup of All-Bran). See if it doesn't bring you comfortable, natural elimination. If not completely satisfied, return the empty carrion and get time what you paid. That's a promise from Kellogg's, London, Ont.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

The Detroit Red Wings, colorful champions for many years of the National Hockey League whose archives glitter with the rilliancy of past and present stars, can now proudly point to

He is Glenn of the Humboldt, Saskatchewan, family of that name who stepped into the goal-keeping shoes of an Il-hastlous prodecessor, one Sawchail, and bids fair to keep them as glory-filled as the Tenaclous Terry.

Hall's first National League star gleams with a double sparkle. It's second facet is radiant with the selection to the goal-keeping spot on the second all-star squad. There

Glenn is a worthy successor to Sawchuk. He planted his sknie-shod feet squarely in Terry tracks for Sawchuk also went the Calder trephy in his first season with the Wings. Hall is the seventh realls to win recondition as the league's top pealls. Others besides Sawchuk art: Lorne Wender, Jack Gelinson, Frank McCool, Frank Brimsek and Mike

The brilliant Hall has been in the Detroit organization for serveral years and came up through the Red Wings' arm agreem to the present production of the Bright State of the American Rockey League in 1931-52. He played the 1933-35s and 1933-34 season with Edmonton Fyres of the Westlendow Bright State of the State of the State of the State of the New League and was a standord both years. The order of finish will probably furnish a surprise for some, especially the more rabid followers of the various teams. Finistance the dyed-in-the-mood Maple Leaf fam will cry to high heaven about Dickie Duff not being selected. Les Habawill wonder what happened the Pocket Rocket did not get the nod. And so on down the line.

We have no symmetry with the selection of fire Lainness, former believille invitor "To star who, is and behold, finished in fourth spot. So there's the score. Hall in top spot with 99 points out of a possible 180. He was at least consistent, piling up 48 in the first half of the spottswitters, poil and 51 in the second half. Andy Hebenton, second-placer, finished with 64 points, and incidentally he poiled more points in the second half than any other player. He had ten in the first half.

Ballots for the Calder Memorial trophy voting were in the National Hockey League office before the playoffs started. All voting is for regular season's play only and does not include playoff participation.

Youthful Graydon Scott, of the "Church Street Clippers" (that's the fine bunch of athletic youngsters who play around our way) is seriouity ill in the bospital here. His young pals send him their sincers wishes for a speedy recovery. "Hurry up and get better, Grayd, we're all pulling for you." (Signed) David, James, Bobby, Peter and the "gang."

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Whipper Watson had better look to his laurels hereabout as far as kid hero-worship is concerned. Another outstanding figure in sports, a former world boxing champion, last night took youthful Belleville by storm.

Silm-figured Jack Dempsey, one of the greatest heavy-sight champions figitima has ever recorded, was nearly abbed by youthris admirers when he appeared here to re-we the main hout of the wrestling eard at Memerial Arena.

The moppets walled impatiently near the entrance to the dressing rooms long before Dempery put in an appear-ance. Each was armed with an autograph book, a piece of paper and assorted pencils. One little guy ripped a piece off his shirt for the famous signature.

He had only scratched the signing surface when the belt not for the main bout. That over, Dempsey spent the entire ter-bout ten-minute intervals at the ringuide, the centre of a tilling mob of mospets seeking his autograph. They loved it, did he.

Getting a more personal touch was the son and heir, eier, and his beddies James and David Hurst. Jim Cook, ex-New Yorker, who knew Dempey hack in the golden Fr. went along to resultate. Yameus names, places and cidenia in Getham came to little in colorful verblage as m and Dempey recalled the "good old days."

"Well," smiled Jack, "I'm a Yankee fan."

A fiplomat as well as ex-champion, Dempsey replied: n, sen, I have a let of friends in Brooklyn."

And he gave the hids some useful advice: "Always play for win," he said, "but don't be sore if you lose. There is no finer quorisant has a you'd loser. If you turn, malle-iff you lose grit, and make my your mind to win next lose. And promother this, boys, always your mind to win next lose. And promother this, boys, always are provided in the case your failings with this. A green provides it was who can win or loss without including, or allivia."

Asked by this reporter if he thought Rocky Marciano woult ratire, Demposy sald: "Why should he? He is the champloid and there is no one in sight who can best him. He may re-ine from old age if boxing and the calibre of upcoming heavy weights do not improve,"

Remained that Jee Levis turned to wrestling after are affectively the bexing ring, and asked why he ret solt up that sport, Demper said: Toe can't do both a rar either a fighter or a wrestler. I was cut out for ting. That was my gams. I would never devalop-his wrestler.

Dempsey will supervise, along with Toronto's promoter, soon Allen, the beavyweight tournament being held in Maple if Gardens on Monday night.

This is his fourth Canadian tournament, he said, and sch one brings out youngsters of better calibre. "Some day might come up with a Canadian heavyweight champion."

anten over up of an a Camana heavyweight champion. The Racing in present, he felt, was on the defilies from much adverse publicity and other things have not dense port any good. It is vastif different is the old dars. The smaller dubs are gradually fading out of the picture. But intermittent into the Camana are not only for the purpose but to stimulate interest in the sport and thus keep all to the maller clubs.

Asked why there is a scarcity of negroes in the wrestline and a greater number than whites in boxing, Demps i: "Negroes do not like wrestling.

"Like me," he said, "The most of them are cut out boxing and that is what they love."

Dempsey retains his slim, well-knit figure. "I eat what I like, but I have too much here," he said, patting a stomach that was fister than a sportswriter's wallet the day after pay-day.

Sammy Gotter, a regular referee on the Tunney staff, passed by and made a playful pass al Dempey. Two fittle shet up in read as sequence, one to Sammy's need, there is his stematch. They were light shape but they served to remind on the "Ole Manness Manter" has not forward the fanous "succ-ine" that wrecked the hopes of many a former heavy-regular titlefa supposed the staff of th

unprepared - and borrowing the necessary money is often a common and sensible solution

In fact, nearly three quarters of a million families borrow money from Household Finance every year to pay overdue bills, repair bills, travel expenses... the kind of expenses you may face yourself right now.

HFC Joans are prompt and convenient. You can get \$50 to \$1000 with little or no delay, usually in just one day. If you have a steady income, and can make regular monthly payments, you may borrow without endorsers at HFC. If you have a money problem, why not phone or drop in today?

With the new Scaway Senior Baseball League organized and clubs around the circuit readying for the upcoming dia-sond "wars," Manager Jack Carson of the Believille Raias is getting plans underway for the coming season.

Today the Belleville manager again put the quietus on poppy-cock stories published in a district weekly to the effect the new loop is a "high-priced" one and "someone will take an awful clipping" if he or they sponsor the club.

"Believille won the co-championable of Ontario two years are with a team that was strictly homebrew—and we intend to use that kind of a club again this year," Carsen told this reporter.

"We do not have to go outside of the district to field a a that will be the equal of any, in the league," he said, have to get a plicher or so, and I have my eyes on a ble well within the territory of the Batsa."

emple well winds us terroury to that we paid and will pay fabulous salaries to ball-players is so much-well, you know the word for it. The team of two years ago never received a cent for their playing, and they do not expect to get any financial remuneration this year."

"I believe Believille wants and will welcome scale assball this year and I am confident it will go over hi-tila the fans. After all we have not had scalor basebol or a couple of years, not through any fasti-of this city and I think fandom will receive it reyally."

"No club or athletic organization can get along wi the moral and other support of the baseball-minded y of the community," Careen sald. "And I am celling meeting so we can get the class together and disease rangements for the season, as well as completing orga-tional phase."

Carson inlends to give his squad plenty of work this more and apart from the schedule a series of exhibi-names with centabading issans will be arranged. Mr-s will be made to bring the Onkawa entry in the Inter-tity League here for a till. Whiley which has an entry be Toronto Vialuti League this season could be brought

Incidentally the Cornwall entry in the Seaway League is none other than the starry band of youngsters that won the Ontario junior championable just year. According to president TV Zittle of the now defunct St. Lawrence Baseball League the Cornwall kids are a right snappy crew of ballopares who will be strength-end by a number of veterans of the seaway city.

There is an important meeting of the Belleville Dis-trict Sottball Learne slated for the West Moirs Street Fire Hall Tuesday night, starting at 73.8. It is an eyen affair, and all softballers should put in an appearance. The meet-ing will be followed by a get-logether of the executive, says Freddent Cy Barriags.

Entries should be in the hands of the secretary by that date if they are not already there. It's later than you think and despite the winterish weather spring can't be too far away, and the first thing you know those opening dates will be on hand.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

The "K and F" circuit climaxes a highly successful season for the greater majority of the howling clubs and leagues of the city. The men's leagues are strictly star, naturally. The mixed leagues have a social finit, for the grals wear their prettiest, the men are at their wittiest and usuall-

Bowling, besides being one of the better sports that develop a fine spirit of camaraderic and sportsmanship, comes up with problems occasionally, but these usually are ironed out in the post-banquet get-togethers.

Bowlers, toe, are just as human as those participating in other sports. Victory is just as important, and a glow of pride of achievement shaes on the face of every trophy win-ner whether he be an individual champion, or a member of a championship team.

Bewing in Believille has not been without its high-lights. It has brought flame and publicity to the oliv. Joe Acgrail, a veteran of the allery, and incidentify, the golf links, sphated the city name in the headlines a few years age with a perfect game rolled in Peterbrough. Two other hewiers have realized the kepter's dream with a perfect soor. These are Walter Moores and Juck Youn.

Jim McKeniie put Belleville on the bowling map when he won the district singles title in the Moloon's Classic a couple of rears ago and went to the semi-finals in the all-Ontario play-riffs at the Sportmen's Show in Toronto. Last year Leo Labelle won a place on the district team.

The gais, ioo, are no shrinking violets in this timber-toppling pastime. Some outstanding lady bowlers have been developed in the city, and still are being developed. A glance at some of the secres that some to this corner each week grewe that some of the distaff side can abow not a few of the more mails how to register strikes.

They have made highly creditable showings in the Moisson Classic's help's division in the Kingston district. Last year Madeline James wan a post in the covered "first six and helped represent the district in the playoff competition in Toronto.

Meanwhile other leagues are pursuing their merry way on the alleys, seeting strikes and "headpins" in their stride. Brewing is embyring a lusty, healthy life here and there is no immediate indication of its heading for the deldrums.

And while the sport itself is expanding in the various leagues, of of waistlines are ditto in the inevitable post-scalon "Knife-i-Fork" loop. Long may both reign.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

"Hardbolled" Haggerty, a Californian native son, has brains wn, athletic ability and confidence in himself. He wrestle

After getting his land legs,
Hardwolled" played professional football. He was a member of the Professional Football Legge. In 1932 he was signed to play with the Chicago Bears.

Haggret's in remarkably spile for a roy that carries around 325 pounds. He was a sensation in the Middle West, and currently is carriag a repusalent in this part of the world for being one of the roughest, toughest "nables" in the balance. Television viewers of wrestling lows him, if boos and calculis are indicative of heart throbs. "Live" patrons, ditte.

And he has met the best. Not always emerging with the laurel wreath adorning his hairless noggin, "Hardbolled" left an impression with the foeman that he or they had been in a wrestling match.

He cores confidence. Sometimes to the point where it approaches braggadecia. He lives, eats and sleeps wrestling. It short drick or amoke," he says. "I have a temper that sometimes gris me into focuble, but this is no sport for carypoing gurys with a tooth-paste smile."

"Hardbolled's" excessive confidence has get him into many sixtling situations. He once told newspapermen that he could "while Rocky Hardsane any time, any place," and that he would put up a purse of 318,000 if the world's heavyweight boding champion would agree to flight him "with or without giverus."

In the match the Kingfish threw a left hook and a right cross. Both missed, so he tried two more and cut Steele's ear. Steele grabbed the "Fish" and hurled him to the mat. The Kingfish looked up at Steel and asked "are you going to

concurr rayset." It was all ever in 35 seconds.

Booling Into will receil that the colorful Kingthis had
